Mr Coons 5 May to 3 July 1834 was member of
Zion's Camp, organized for relief of the Saints
in Missouri (Hist of Church 2:183) & (Journal History
13 May 1834)

Dear Experienced Driver:

In looking through my files, I find that I've written to you before.

Now I'm writing you again. I don't do that very often but in this case, I felt it was important.

You see, I hate to lose good drivers and I've reason to believe you're one of them. The kind of safe driver that makes the best Colonial Penn policyholder.

I'm sure you agree it doesn't seem fair that the cost of your insurance should be increased because of too many high-risk drivers. So we are doing something about it. And I want to make doubly sure you know what this is!

Our philosophy is quite simple. By specializing in insuring safe drivers--not people with high-performance cars or shaky records--we're able to offer you both lower rates and the special privileges you deserve.

All I ask of you is that you put us to the test. Find out if you qualify. Give us the chance to quote you. Make us prove we can do better by you because you're a better driver.

Then, if our discounts and low rates don't save you a nice sum of money, tear up the quote and throw it away.

But don't miss out on this opportunity. Even if your present insurance has a way to go.

Some things can wait...but auto insurance isn't one of them. Before you know it, that old renewal bill will arrive and your premium will be due.

If you're not prepared, if you haven't shopped around, you're likely to go right on paying as you've always done. And that could leave you wondering...

"Am I getting the best deal?" "Why am I paying more this time?" "Shouldn't I be paying less?"

Over half a million drivers have solved those problems with Colonial Penn. They've shopped around and found that we reward good drivers for keeping clean driving records for five years or more.

If you qualify for this reward, you will get it, too. And there are other rewards--the kind you'd expect from a company that does business with good drivers. You'll be pleased with the additional savings you may realize by qualifying for these features:
